

Use ZAVA® Seal Rings with this equipment

INDUSTRIES

The ZAVA® Seal Ring might be used in following applications

- Pulp and Paper industry
- Power Generation
- Petro chemicals
- Fluid Power
- Instrumentation
- Chemicals & Fertilizer
- Plants
- Electronics
- Filtration
- Pharmaceuticals
- Hydraulic Fittings
- Hydraulic Cylinders
- Hydro Electric
- Pneumatic Cylinders
- Plumbing Products
- Valves and Pumps
- Rail Sealing
- Maritime sealing
- Earthmoving Equipment
- Mining Industry
- Wind Turbin
- Construction Equipment
- Oil Extraction (on & off shore)
- Food & Drink Processing
- Cosmetics and Skin Care
- Other lowspeed equipment

APPLICATIONS FOR THE PULP AND PAPER INDUSTRY

- Agitators
- Brown stock washers
- Bleach filters and washers
- Bleach tail shafts
- Brown stock journals
- Baffle washers
- Caustic washers
- CB washers
- CCA filters
- Disc filters
- Deckers
- Drum washers
- Oil Seals
- Repulpers
- Slurry mixers
- Savealls
- Tail shafts
- Twin roll presses
- VCA, VAT and VFA filters
- V shaped groove
- Wash Presses
- Vacuum filters
- Vacuum washers
- Packing boxes
- Pressure washers
- Rotating shafts
- Movable roll and any other low speed equipment
